

ORELIO MARCELO MARTINEZ

ARCHITECT • PROJECT MANAGER • ESTIMATOR • CIVIL ENGINEER

Palm Springs, CA | (224) 390-7494 | (760) 883-0683 | oreliomartinez0@gmail.com

PROFESSIONAL SUMMARY

Architect, civil engineer, and project manager with hands-on experience leading construction, infrastructure, and architectural projects from estimating and budgeting through execution and close-out. Skilled in cost estimating, quantity takeoffs, bid preparation, land surveying, and construction administration across industrial, energy, residential, and institutional projects. PMP, AIA Associate, NCEES, and Autodesk Certified Professional (AutoCAD, Revit, Civil 3D) credentialed, with additional depth in BIM/3D modeling, rendering, and cross-functional team leadership. Bilingual (English/Spanish) with proven success managing multi-site projects, client relationships, and technical teams in both U.S. and Latin American markets.

CORE COMPETENCIES

- Project & Construction Management
- Cost Estimating & Budgeting
- Bid Preparation & Contract Administration
- Architectural Design & Documentation
- Civil Engineering & Land Surveying
- Site Supervision & Quality Assurance
- Schedule & Resource Planning
- BIM / 3D Modeling & Rendering
- Client & Stakeholder Relations
- Cross-Functional Team Leadership

CERTIFICATIONS & LICENSES

- **Associate Architect** — American Institute of Architects (AIA), Cert. #40873955 (2025)
- **Project Management Professional (PMP)** — Project Management Institute, Cert. #12090792 (2025)
- **Certified Member** — American Concrete Institute (ACI), Cert. #2357545 (2025)
- **Certified** — National Council of Examiners for Engineering and Surveying (NCEES), Cert. #26-121-59 (2025)
- **AXP Supervisor / Architect** — National Council of Architectural Registration Boards (NCARB) (2025)
- **Autodesk Certified Professional** — AutoCAD, Revit, Civil 3D (2025)

CONSTRUCTION, ARCHITECTURE & ENGINEERING EXPERIENCE

Veritas Drafting

Jan 2026 – Present

General Manager

- Direct full operational, financial, and client-service performance of a drafting and 3D modeling outsourcing firm serving architecture, engineering, and construction (AEC) clients.
- Develop and implement standardized workflows for drafting, 3D modeling, rendering, and quality assurance, improving production efficiency and deliverable consistency across project teams.
- Serve as primary point of contact for key clients, translating technical requirements into actionable production plans and ensuring on-time, on-spec delivery.
- Resolve project and technical issues in real time, clarifying design intent and ensuring alignment with client-provided standards, codes, and guidelines.
- Drive business growth through process improvement, staff development, and adherence to industry quality and compliance standards.

Eniconsa — Empresa Nicaragüense de Construcción

Mar 2024 – May 2025

Architect | Project Manager | Estimator | Nicaragua

- Managed the full project lifecycle — estimating, budgeting, scheduling, and execution through close-out — for industrial, energy, and infrastructure projects, ensuring alignment with administrative orders and approved schedules.
- Prepared cost estimates, quantity takeoffs, and project budgets to support accurate bid proposals and ongoing cost control throughout construction.
- Supervised architectural and engineering details on active job sites, organizing field repairs and design revisions through to final client sign-off.
- Coordinated with contractors, suppliers, and client representatives to keep multi-site projects on schedule and within budget.

- Key projects: SINSA Warehouse (Ocotol, Nueva Segovia); solar panel installations (Chinandega & Jinotega); pipeline design and installation (El Rama); Cemex facility upgrades (Managua).

ArqLab

Mar 2024 – Mar 2025

Architect | Land Surveyor | Project Manager | Nicaragua

- Led design and execution of architectural projects from concept through construction documentation, managing scope, budget, and schedule for residential, institutional, and religious-facility clients.
- Performed land surveying, mapping, and boundary analysis to define property lines, shapes, and dimensions supporting site planning, construction, and infrastructure development.
- Directed project teams and coordinated with engineers, contractors, and clients to resolve design conflicts, troubleshoot issues, and maintain constructability.
- Project portfolio: St. Helens American Academy (Chinandega); Valdivia's Residence (Jinotepe, Carazo); Santos Home (Mateare, Masaya); Lacayo's Home Renovation (Managua); Iglesia Cristiana "De Todos los Santos" (Managua); Bermúdez Sánchez Home Design (Masaya).

Universidad Nacional de Ingeniería (UNI)

Oct 2020 – Aug 2022

Architectural Advisor | Nicaragua

- Supervised and mentored a multidisciplinary group of emerging architects and engineers, guiding design development on projects intended to advance national infrastructure and urban development.
- Reviewed technical drawings and design proposals for code compliance, feasibility, and overall design quality.
- Fostered a collaborative studio environment that encouraged innovative, civically minded design solutions.

MTI — Ministry of Transportation and Infrastructure, Nicaragua

Jun 2020 – Sep 2020

Project Lead | Nicaragua

- Led the "Vehicle Count for Road Design" study for the La Concepción–La Borgoña corridor, directing field data collection and traffic analysis.
- Delivered findings and design recommendations adopted by the Department of Transportation (MTI) to inform new roadway design.

ADDITIONAL PROFESSIONAL EXPERIENCE

The Home Depot

Oct 2025 – Jan 2026

Pro Sales Associate

- Supported contractors, property owners, and commercial customers with order management, delivery coordination, and accurate, knowledgeable product recommendations for construction projects.

Microsoft

Dec 2023 – Nov 2024

Associate Customer Success

- Partnered with customers to maximize product value and adoption, providing support and building strong client relationships.

Toast

Aug 2022 – Nov 2023

Customer Care Advisor — Customer Success B2B

- Managed B2B accounts and identified growth opportunities, building client relationships and collaborating cross-functionally on account strategy.

EDUCATION

Universidad Nacional de Ingeniería (UNI), Nicaragua

Bachelor of Science in Civil Engineering — 2019 – 2024

Universidad Nacional de Ingeniería (UNI) – ANIA, Nicaragua

Minor in Architecture — 2024

TECHNICAL SKILLS & SOFTWARE

- **Design & Modeling:** AutoCAD, Revit, Civil 3D, SketchUp
- **Rendering & Visualization:** V-Ray, Lumion, D5, Twinmotion, Enscape
- **Project & Business Systems:** Procore, Jira / Atlassian, Salesforce, ServiceNow, Workday, Slack, Okta
